

**AMENDMENTS TO THE CLAIMS**

**This listing of claims will replace all prior versions and listings of claims in the application:**

**LISTING OF CLAIMS:**

1-6. (canceled).

7. (currently amended): ~~The~~ An interlayer for a laminated glass ~~according to Claim 6,~~  
which comprises a thermoplastic resin sheet provided with embossments comprising concave  
portions and convex portions on both sides thereof,

said concave portions on at least one side having a trough-like geometry with a continual  
bottom while said convex portion on the same side having a plateau-forming top surface,

wherein fine concave and convex portions are provided on the plateau-forming top  
surface of the convex portion.

8. (canceled).

9. (previously presented): The interlayer for a laminated glass according to Claim 7,  
wherein the surface roughness Ra of the plateau-forming top surface is not less than 3.0  
μm.

10-36. (canceled).

37. (new): The interlayer for a laminated glass according to Claim 7,  
wherein the average surface roughness of the embossment is not greater than 100  $\mu\text{m}$ .

38. (new): The interlayer for a laminated glass according to Claim 7,  
wherein the average surface roughness of the embossment is not greater than 70  $\mu\text{m}$ .

39. (new): The interlayer for a laminated glass according to Claim 7,  
wherein the width of the plateau-forming top of the convex portion of the embossment (b) is 20  
to 90% of the interval (pitch) of the convex portion of the embossment (a).
